

Christy Choi

"Hello 🙋"

I'm a Python/Django software engineer"

I consider myself a lifelong learner, that's the reason I'm in tech. My primary focus is developing production-quality Django applications, currently for a startup company in Korea. I've worked in all stages of web development, from database design to frontend, backend, and devops.

Backend-Dev Loper Django Python DRF

Skills.

Language

- **Python**
 - able to write different data structures for efficient usage
 - see some of my Python algorithm work here:

 [Python](#)

- **Java**
 - my first language, at platform service type of stable startup
- **HTML, CSS, Bootstrap**
 - drew layouts and displays
- **JavaScript, JQuery, Next.js**
 - how i primarily build frontends

Database

- **PostgreSQL, MySQL, MariaDB, Oracle, HeidiSQL**
 - comfortable writing complex, stacked queries

Framework

- **Django Rest Framework**
 - built a production level web application from scratch as the only backend developer
 - developed with REST APIs, CRUD, Signals, Channels(Web Socket), Selenium, Pytest, etc
 - comfortable with both ORMs and RDBMS
 - refactored 5,000+ lines of legacy code

Deployment

- **AWS**

- connected to RDS

- deployed and configured with Elastic beanstalk, EC2, S3, RDS, Route53, IAM, Certified Manager
- proficiency in basic DevOps procedures and security best practices (e.g. IAM)

Version Control

- **Git, Github**
 - coworked with other developers and tracked the history
 - stage, commit, push, pull, clone, merge, rebase, revert

Tools

- **VSCode**
 - modified personal environment with extension for developer efficiency
- **Postman**
 - checked the data using postman
- **Docker**
 - wrote simple dockerfile and docker-compose file
 - pushed to the dockerhub
- **Linux**
 - used linux to configure
- **Redis**
 - implemented cache to decrease server load / increase performance

Leadership

- **Team spirit**
 - routinely prepare meeting notes and encourage colleagues to be system-oriented

About Me.

Career

- 2022.01~ Community Platform Startup - Software Engineer
- 2021.05~2021.12 Community Platform Startup - Software Engineer
- 2021.03~2021.04 Fintech Solution - Software Engineer
- 2018.10~2019.07 E-Commerce Marketer

Education

- 2020.5~2021.12 Intensive Web Development Course
- 2018 Ewha Womans University, International Business and Economics—the largest female institute in the world
- 2013 Bellevue Christian School (USA)

Certificate

2021.8 Engineer Information Processing (National Technical Qualification Certificate)

- The national certificate examines computer science knowledge(requirement, UI, database, development, security, test, network, and coding)
